

**Joint Information Center - JIC Release No. 635**  
**April 14, 2021, 7:30 p.m. (ChST)**

**Pause on Johnson & Johnson/Janssen Vaccine; Four of 574 Test Positive for COVID-19;**  
**UPDATED: COVID-19 Vaccination Schedule;**  
**Food Commodities Distribution Schedule**

**Pause on Johnson & Johnson/Janssen Vaccine**

Out of an abundance of caution and following the latest [guidance from the U.S. Centers for Disease Control and Prevention \(CDC\) and the Food & Drug Administration \(FDA\)](#), Guam will be implementing a pause in the use of the Johnson & Johnson/Janssen (J&J) COVID-19 vaccine. The pause follows six reported U.S. cases of a rare and severe type of blood clot in individuals after receiving the J&J vaccine and in order to prepare the health care system to recognize and treat patients appropriately, to report severe events they may be seeing in people who have received the J&J vaccine. As of April 12, 2021, more than 6.8 million doses of this vaccine have been administered and as of April 13, 2021, a total of 306 doses have been administered on Guam.

For individuals who have received the J&J vaccine, the risk to them remains very low at this time. For those who recently received the vaccine--within the last few weeks--they should be aware of any symptoms. If you have received the vaccine and develop severe headache, abdominal pain, leg pain, or shortness of breath, individuals should contact their healthcare provider and seek medical treatment. Health care providers are asked to report adverse events to the Vaccine Adverse Event Reporting System at <https://vaers.hhs.gov/reportevent.html>.

**Results: Four New Cases of COVID-19**

**Four (4)** new cases of COVID-19 were identified out of **574** tests performed on Tuesday, April 13. **Two (2)** cases were identified through contact tracing.

To date, there have been a total of **7,851** officially reported cases of COVID-19 with **136** deaths, **37** cases in active isolation, and **7,678** not in active isolation. **The CAR Score is 0.2.**

**COVID-19 Vaccination Schedule**
